WILD BIRD NEST BOX DESCRIPTIONS AND PRICES

1. House Wren, Black-capped Chickadee, White-breasted Nuthatch, Warbler, Deer Mouse, Flying Squirrel and White-footed Mouse Nest Box - 5 1/2" W X 7 1/2" D X 11" H - \$18.00
Made of rough sawn spruce or treated lumber with a 1 1/8" entrance hole.

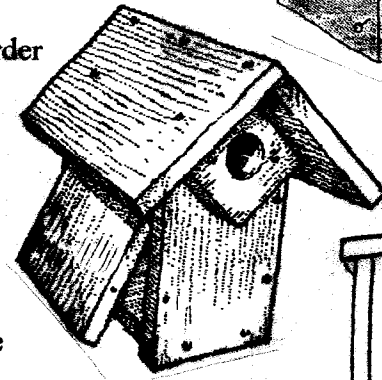

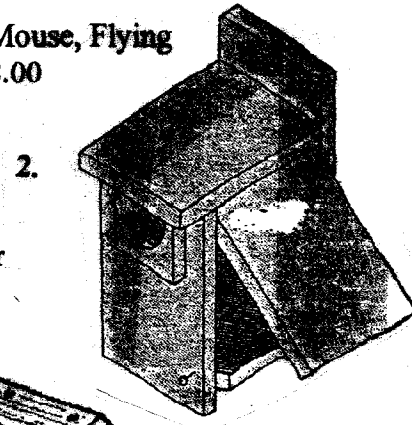

2. Eastern Bluebird Nest Box - 5 1/2" W X 8 1/2" D X 15" H - \$20.00
Made of rough sawn spruce or treated lumber with a 1 1/2" entrance hole w/predator guard. House sparrows can get into this nest box if not placed in the proper area.

3. Universal Blue Bird or Wren House - Entrance hole size drilled to order
10" roof 5 1/5" box W X 12" roof 7 1/4" box D X 11 1/2" H - \$22.00
Made of rough sawn spruce with predator guard. This is a universal nest box with lots of roof overhang and excellent ventilation.

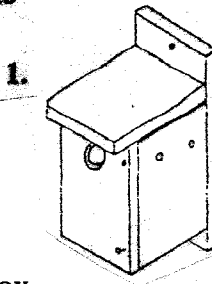

4. New Improved Bat House - 13" W X 4 1/4" D X 20" H - \$40.00
Made from rough sawn spruce with the rough sides on the inside. The roof is caulked and tar papered w/stainless steel staples. This bat house has a large cross hatched landing area w/predator guard and a 1/4"+ ventilation slot. It is also partitioned off into two chambers. Bat experts say this new wider and taller design has a higher occupancy rate.

5. Wood Duck Nest Box - 9 1/4" W X 9 1/2" D X 30" H - \$45.00
Made from rough sawn spruce lumber and comes with easy mounting hardware, bedding and a ladder attached on the inside for easy exit for the chicks. The entrance hole is 3" X 4" oval shape and will admit just about any critter unless precautions are made when installing the nest box.

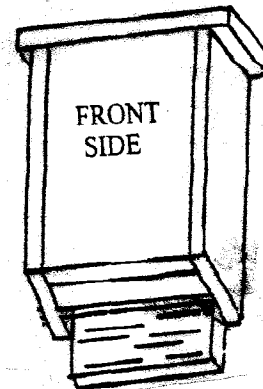

6. American Kestrel, Northern Screech Owl, Northern Saw-whet Owl, Gray, Red and Fox Squirrel - 9 1/4" W X 10 3/4" D X 22" H - \$45.00
The entrance hole is 3" and could be changed from front to a side entrance for squirrels. (NOT DISPLAYED)
